

OVX SG

REF.NO. 2C50100XRG

Hot-forged light-alloy oval carabiner with reduced dimensions and screw-lock gate. Ideal in mountaineering and rock climbing: as a carabiner for self-belaying, for use with friction hitches and for rescue manoeuvres.

Main features:

- only 95 mm long, to leave more room for manoeuvres;
- oval shape, for optimal placement of tools and ropes;
- increased cross-section at contact points, for improved rope glide and wear resistance;
- catch-free closure and tapered nose to make it easier to clip and unclip the carabiner to anchors, tools and ropes.

  Anthracite / Mustard Yellow
